COVID-19 UPDATE

The COVID-19 global pandemic is still accelerating and causing enormous impacts to the global economy, businesses and our daily lives.

Many countries have implemented lockdowns, and are restricting the movement of people and transportation in an attempt to control the outbreak. Port services and transportation of goods is deemed to be essential services that are generally permitted to be continued, but availability of manpower at the port, customs, CFS, trucking are affecting the day-to-day operations and causing delays.

We have implemented safety measures in all our local stations to safeguard the wellbeing of our staff, and to mitigate the potential impact to our customers. For staff who are working in the office, we practice temperature screening and monitoring, education is provided for all staff to practise good personal hygiene, and social distancing measures are in place.

We have Business Continuity Plans implemented and we continue to be operational in all countries as much as possible. As a general guide, we have set up alternate teams of employees (e.g. Team A & Team B) who can be physically segregated and deployed at different work schedules, or to work from home, with skeletal staff in the office. These are all supported by backend IT system to ensure that critical business functions can be carried out for business continuity, with remote access.

The circumstances in each country are evolving almost on a daily basis, and our local stations have already issued their advisories in the respective countries and will continue to do so to keep everyone updated promptly. We remain at your disposal should you require to understand the current situation in any particular country.

We are committed to support you in the best possible way during this difficult times, and we seek your patience and understanding on any possible delays/disruptions.

COUNTRY FOCUS - EGYPT

Globelink Egypt was established in 2006 as subsidiary of CWT Globelink Singapore, after acting as their sole agent in Egypt for years. Today we are one of the leading NVOCC operators with presence in 4 locations locally :

- Alexandria (Head Office)
- Cairo
- Port Said
- Merghem CFS (Alexandira)

Our Service Portfolio includes Sea-Freight NVOCC consolidation and Freight Forwarding with a complete Logistics value adding services. Currently we are one of the leading NVOCC providers in Egypt offering worldwide coverage through direct and transshipment services.

Globelink Egypt is the No. 1 export provider for LCL services in Egypt and our market share average within 15% of total import consolidated cargo to Egypt.

Globelink Egypt is your trusted partner as we are certified by IATA & Fiata to assure providing our services with highly qualified measures

We are also member of international alliances thus we are part of an extensive Worldwide Agency Network.

Globelink Egypt scope of services include:

- Sea Freight (LCL/FCL)
- Customs Clearance
- Inland Transportation
- Project Cargo
- Warehousing
- Multimodal Logistics

With our complete logistics solutions, you can dedicate your valuable time and resources to your core business and trust leaving all those complex processes to us.

When you need a reliable service yet you want to keep costs down you can consider using our flexible **Sea freight** services, specially our Less Container Load for small shipments. However, our complete services include also full containers (DRY/Reefer), general break bulk cargo and projects oversized shipments. We have all what you need with the option of delivering straight to your door step.

We offer professional **Custom Clearance** services to help our customers in receiving their cargo smoothly, safe and on time overcoming the maze of regulations, security and complicated requirements of customs authorities.

We also offer **inland trucking** facilities in full Trucks and Less Trucking Load trough out all destinations in Egypt, and also offer ex-work services in cooperation with our Agents worldwide.

When Sea Freight is too slow and air freight is too costly & when there is not a single mode scheduled service to your destination, you can consider using our **multimodal** services. We give you greater transparency by letting you know where exactly your cargo is at any point.
