Highlights

CWT Globelink Annual Conference 2017

The CWT Globelink Annual Conference 2017 took place on 23 to 27 October in Chengdu, China and welcomed over 180 delegates from all over the world.

A city endowed with plentiful natural resources and sites of historic interest, Chengdu is home to China's living treasures the Giant Panda, as well as many other endangered species. With a history of over 2,400 years, it is also a gateway to the country's most spectacular natural wonders and Chengdu's local cuisine is world renowned for its delicious spiciness.

The meeting officially started on Monday with a welcome address and keynote speech from our Executive Chairman, Mr CW Tan, and Group CEO, Mr Daniel Tok.

The conference provided excellent opportunities for all delegates to exchange business ideas to strengthen mutual ties, foster better understanding of the market condition in each territory and move unanimously towards achieving a common goal.

It was not just all about serious work as participants enjoyed a number of exciting activities and networking receptions, including a magnificent Chinese drum performance put up by our Executive Chairman Mr CW Tan and a birthday celebration held at Pint Beer Museum & Bar for the October babies.

The Globelink Annual Conference is never completed without a Gala Dinner, an evening full of celebration and feasting! The guests were kept entertained throughout the dinner with games and performances specially prepared for the occasion.

A networking tour to Chengdu Research Base of Giant Panda Breeding was specially organized on the last day of the conference for our delegates to have a glimpse of Sichuan's most famous residents outside of a zoo. The base focuses on promoting public awareness for wildlife and environmental conservation.

The second stop was at Huanglongxi Ancient Town. With a rich history of more than 1,700 years, it is definitely worth a visit to experience the ancient Chinese culture and taste the traditional local snacks.

Special thanks to Globelink Shanghai for the great support rendered before and during the event, and a big thank you to all who have contributed in one way or another in making the event a great success!

Weekly Globelink Chengdu – Lodz Rail Service

We announced our new RAIL service Chengdu to Lodz in November, and the feedback from the market has been overwhelming.

Rail freight is an intermediary product with transit time faster than by ocean, and is more cost effective as compared to movement by air. Cargo suitable for rail movement includes electronics, automotive parts and machineries etc – which are often needed for just-in-time manufacturing.

We provide pre-carriage pickup from all origins in China to Chengdu Rail, and at destination Lodz, we can also provide on-carriage delivery to mainland Europe!

CHENGDU TO LODZ RAIL SERVICE DETAILS

COST AND TRANSIT TIME ADVANTAGES

Country Focus : Indonesia

Globelink Indonesia, established since 2010, provide wide range of sea freight forwarding services including our core business of NVOCC operator, cargo transshipment, consolidation services for less than container load (LCL) & full container load (FCL) cargo from and to most major ports all over the world.

We currently have a total presence of 4 offices in major ports and sub-agents in minor ports:

- Jakarta (Country Head Office)
- Belawan
- Semarang
- Surabaya

Globelink Indonesia owns the largest CFS (Container Freight Station) operator in Indonesia. The CFS is located in APW Building within the Indonesia port (Tanjung Priok). We have a container handling capacity of 3,000 TEUS per month. Inbound containers are devanned within 48 hours upon discharged and computer generated discrepancy or damaged reports are transmitted to our partners within 24 hours after devanning.

We live up to our professional standards in providing good service to meet customer needs. This is displayed through our flexibility in accepting your goods within the stuffing date without any extra surcharge and our warehouse operator provide a very professional service to fulfill our customer needs.

Comprehensive Service Coverage

Globelink Indonesia offers multiple sailing schedule weekly and quality carrier options to fulfill customer needs of reaching cargo at destination with shorter transit time.

Our comprehensive service coverage allowed us to achieve market leader standing in the following regions:

- INTRA-Asia, Asia to LATAM
- Asia to Middle East
- Asia to Med-Nordic
- Asia to Africa

We strongly serve 17 direct export services and 20 direct import services.

SEAFREIGHT EXPORT LCL SERVICES

EU / MED	SPAIN	Barcelona	Jakarta	Weekly

Niche Trade Lanes

- Belawan to Singapore and Port Klang
- Surabaya to Port Klang

We do inland transportation to interisland in Indonesia such as Kalimantan, Sulawesi, Papua and Bali.

IT Capabilities

We provide shipment visibility from booking cargo release system, whereby you could trace your cargo location, and we provide online sailing schedule which is updated monthly.

DG Capabilities

Globelink Indonesia provides direct LCL DG services to various PODs.

Jakarta offers direct export DG LCL service to Singapore, Port Klang, Ho Chi Minh, Busan, Manila North & Keelung. Belawan, Surabaya has the same to Singapore & Port Klang, while Semarang accepts DG cargo to Singapore.

Indonesia can export all kinds of DG, subject to acceptance by carriers and destination.

For import into Indonesia, POL Singapore acts as hub to aggregate DG cargo. DG acceptance

at POD Indonesia revolves around DG IMO 3, 6, 8 and 9 which carriers can usually accept from Singapore.

For more information on rates or sailing schedule, please contact our local office at 6221 5830 4721.
