CEO Summit 2016

The 2016 CWT Globelink Group's CEO Summit have brought together close to 50 representatives from Globelink offices around the world, several who were here for the first time. This year's CEO Summit was held on 24th and 25th May 2016 at Hotel Jen Tanglin Singapore which is just a stone's throw away from the renowned Orchard Road shopping district and Botanical Gardens, a UNESCO world heritage site.

Our Executive Chairman, Mr. CW Tan kickstarted the Summit with a keynote speech on the Group's performance and industry outlook, followed by our Group CEO, Mr. Daniel Tok's address on the strategic directions of the Group for the coming year.

The yearly CEO Summit focused on various agendas, keeping our Globelink offices up to date with the latest developments in the business such as the SOLAS VGM, impact of the lifted Iran sanctions and updates on IFF customers.

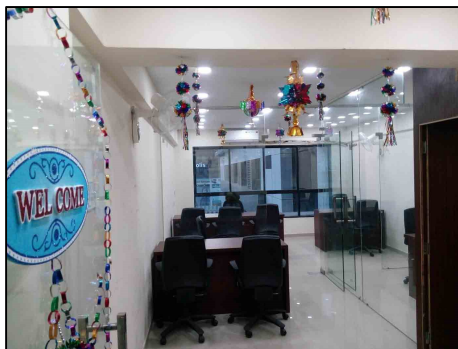

This year's Summit also incorporated new elements such as an impromptu inter-office survey exercise which allowed participants to share their opinions for each office in different areas of business. This is to promote stronger inter-office relationships, allowing greater awareness of their current perception among Globelink offices. The survey exercise carried out for the first time this year was certainly a refreshing and interesting element as it received positive reviews from the offices who expressed their interests to have it conducted again the following year.

As with the other years, the CEO Summit is a good platform to promote generation of new ideas as a Group. The Summit leveraged on this to brainstorm and bounce ideas and solutions off each other on key industry topics. The one on one discussion sessions planned for the offices saw delegates engaged in hearty discussions, bringing the second day program to a fruitful end.

Opening of New Office in Surat, India

We are very happy to announce the opening of Globelink WW office in Surat, Gujarat from June 1st onwards. This will be an addition to our already significant Gujarat presence where we have offices in Kandla/Mundra. Ahmedabad and Baroda.

The inauguration / Puja Ceremony of new office in Hazira, Surat, was done on 28th May 2016. The opening schedule included Satyanarayan Dev Puja and greeting of devotees to invoke their blessings for the successful operation of Globelink WW not only in the Hazira but all over the world. Throughout the afternoon, guests were invited to take a tour around the new office and engage with the local manager and some of our key people from Gujarat. The event was enjoyed by all who attended and there was overall enthusiasm amongst the trade with Globelink WW establishing its presence in Hazira, Surat.

The ceremony provided the perfect opportunity to showcase our additional office to our already significant network in India to customers, shipping lines and various other trade members in this region to give us greater visibility among the trade.

So why does Globelink have an office in Hazira, Surat?

- Better proximity as compared to Nhava Sheva and Mundra port for a huge base of industries which lies between Maharashtra and Gujarat
- Ease of transportation to and from Hazira Port will help greatly reduce costs for the trade in general and bring better operational and cost efficiency to the customers
- Less congested than other ports especially Nhava Sheva and many customers prefer loading via Hazira
- Adani Hazira Port provides a convenient international trade gateway to Europe, Africa, America and the Middle East.
- Major industrial areas are located within 200km reach of the port, i.e Vadodara-Ankleswar-Hazira-Vapi-Dahej which is cost effective than other ports in India

Services Provided by Globelink WW in Hazira Surat

- Customs clearance and transportation
- Freight forwarding services FCL/LCL/ ODC Shipments etc
- Total logistic services

Carrier Services: Carriers are operating to the Far East/South East Asia/Indian Subcontinent/Europe/Africa and USA from Hazira Port
