## Highlights

### Globelink Launches China – Europe Rail Service

In recent years, there has been an increasing demand for an alternative to air freight and sea freight. Time and cost-conscious customers are turning to rail services which had propelled the revival of the railway systems.

China launched the 'One Belt, One Road' strategy in 2013. The infrastructure and trade network is designed to connect Asia with Europe along ancient Silk Road trading routes, and establishing physical links between many of the key countries.

In Globelink, we constantly innovate and strive to provide better LCL solutions for our customers. We are pleased to announce our new rail service from **Chengdu to Lodz**.

### First Train Chengdu to Lodz 16 November 2017!

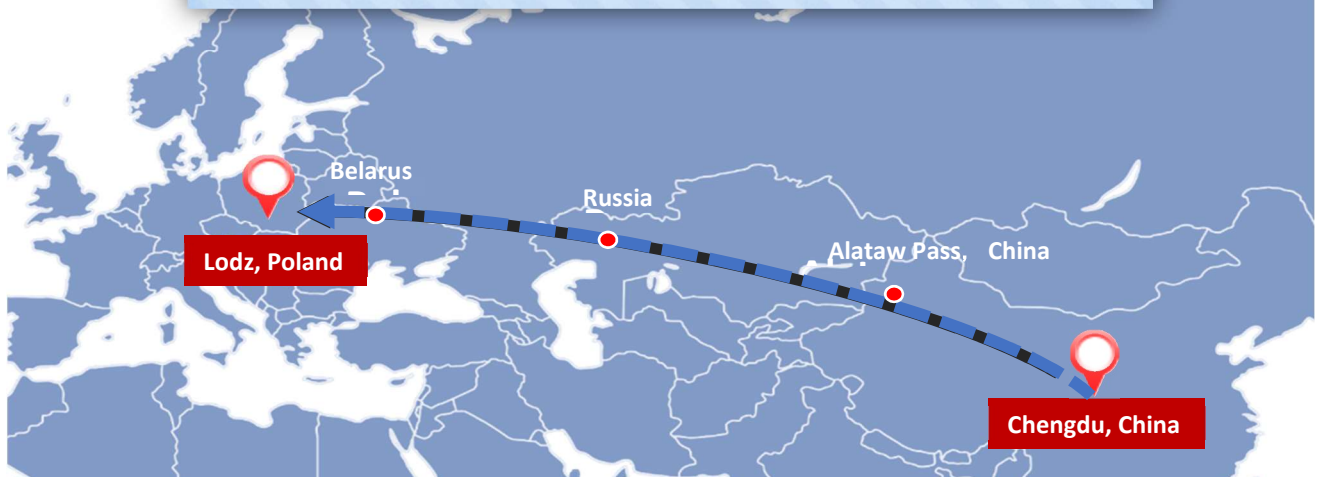

Booking Closing : 09 Nov 2017  
CFS Closing : 12 Nov 2017

- Import & On-carriage customs clearance
- On-carriage services to final destination

For more information on our new rail service, please email to [railbookings@cwt-globelink.com](mailto:railbookings@cwt-globelink.com)

## DANGEROUS GOODS

### Globelink Competitive Edge

CWT Globelink is the market leader in the Intra-Asia LCL consol services. Part of the leadership includes handling of Dangerous Goods (DG) cargo on top of the general cargo.

DG Goods with its sensitive nature, if not properly controlled, present a potential hazard to human health and safety, infrastructure and/ or their means of transport.

Responding to the nature of this cargo type, our Group leverages on our current expertise to ensure a seamless CFS to CFS handling of DG cargo which gives us a competitive edge in this market.

### Introduction of Dangerous Goods

The term 'Dangerous Goods' is used internationally to describe the goods covered by the UN Recommendations. These goods are divided into nine classes based on their hazardous properties.

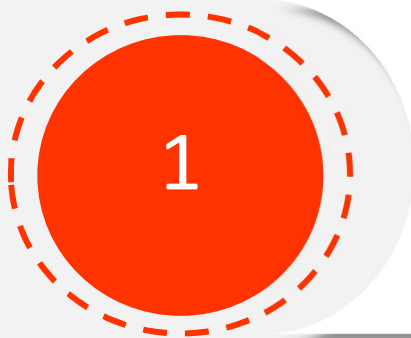

There are 9 classes of DG cargo, and in general we can accept these 3 classes for LCL:

- Class 3: Flammable Liquids
- Class 8: Corrosives
- Class 9: Miscellaneous Dangerous Goods

Globelink's strengths can be summarized into 3 points:

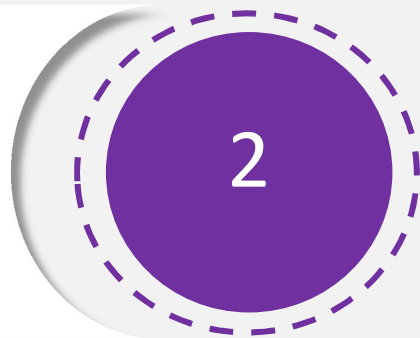

### Comprehensive Service Coverage

We are the trusted DG Service Provider for PSA DG 2 & 3 Cargo. Singapore as our main DG hub for example has the most comprehensive DG weekly sailing to worldwide:

- Export: Direct Sailings to 90 PODs
- Import: Direct Sailings from 52 POLs

### Own CFS and Quick Response Time

Our very own CFS in Keppel Distripark (KD) located in Singapore is able to handle PSA Group 3 cargo. We are also coordinating closely with PSA J5 DG warehouse to handle PSA Group 2 cargo. To top it off, we pride ourselves on quick response time for DG enquiries in order to secure these potential enquiries and translate them into sales.

### Proper Compliance and Declaration

We have Dangerous Goods Regulations (DGR) trained personnel at CFS to provide proficient services in handling DG shipments. This include compliance to IMO IMDG Code and proper declaration with shipping lines and relevant port authorities to ensure that DG cargo reaches destination safely.

## Country Focus: Hong Kong

Globelink Hong Kong, was established in 2010, with approximately 50 staff strength. We are a neutral NVOCC and LCL sea freight is our core business. Throughout these years, we have evolved and become one of the major player for export services to Latin America, with 4 direct weekly services to Brazil, namely Santos, Manaus, Rio Grande and Paranagua.

### Comprehensive Service Coverage

Hong Kong, as one of the world's biggest cargo hubs with excellent sea connections, is an important gateway port for South China with the hinterland of Pearl River Delta and major cities which include Guangzhou, Shenzhen, Zhuhai, Zhongshan, Dongguan, Foshan, Zhaoqing, Jiangmen as well as Macau. We connect your cargo through regular feeder services from Pearl River Delta region and Guangdong province to Hong Kong, not only for general cargo, but special cargo commodities such as DG cargo which is prohibited for direct service in Shenzhen.

Globelink Hong Kong strongly serve **69** direct export services and **34** direct import services.

In general, Globelink Hong Kong is able to accept these DG cargoes:

T/S to Hong Kong by trucking: 10 - 15 hours from Zhongshan, Jiangmen, Zhuhai, Foshan, Xiaolan, Shunde, Guangzhou, Dongguan, Huizhou & 2 - 3 hours from Shenzhen.

**Globelink Hong Kong** prides itself for providing direct niche trade lanes in the market:

- ✚ To Manaus, Brazil
- ✚ To Izmit, Turkey
- ✚ To Guayaquil, Ecuador
- ✚ To Gemlik, Turkey
- ✚ To Thessaloniki, Greece

## Niche Market

The Port of Manaus is a riverport located on the Rio Negro in Manaus, Amazonas, Brazil. The port in the first decade of the twentieth century, represented not only a point of business activities, but also the cultural link with the rest of the world.

The Port of Manaus is an important commercial center for ocean-going vessels traveling the Amazon. In fact, it is the main transport hub for the entire upper Amazon basin.

Globelink Hong Kong provides direct service to Manaus with below service details:

- Carrier: MOL
- Sailing day: Every Friday
- Transit time: 46
- Frequency: Weekly
